Subject: Your Required Online Training Course at UK Launches Soon

Web Version

Welcome FirstName,

We are thrilled that you are part of the University of Kentucky community. At UK, you play a crucial role in keeping our campus safe, so we want to help you develop the tools to handle issues that may arise around you. As you prepare for your first fall semester, please remember that all incoming students are required to complete several mandatory training courses.

In the next few days, you will receive an email invitation from a *safecolleges.com* email address to your UKY email address. That email is your invitation to begin these two-part courses through the Vector Solutions platform. You will need to complete the courses you are assigned to avoid receiving a student account hold which may prevent you from registering for classes for the Spring 2024 semester.

To complete the course(s), you will need your linkblue account information to log in via the UK Single Sign-On page.

As a reminder, all new students are required to complete the online course(s) to fulfill university and federal requirements.

## ABOUT THE COURSES

The **AlcoholEdu course** is required for new students younger than 21 years old. Whether you drink or not, this 30-minute course is based on research around the best practices for healthy communities and educates you about the University of Kentucky policies. It will help you make informed decisions about alcohol and how to better deal with drinking behaviors that may occur around you.

The **Sexual Assault Prevention course** is a mandatory course that is part of a federal law requiring colleges and universities to make students aware of policies and resources related to sexual assault and other forms of interpersonal violence. This 30-minute course will help you foster safe, healthy relationships and help you learn more about these potential issues, including dating violence, domestic violence, sexual assault and stalking. This course is also required for all new graduate and professional students.

**Questions or concerns?** Please email [wellbeing@uky.edu](mailto:wellbeing@uky.edu).
